

MAYSVILLE WEATHER.

What We May Expect For the Next Twenty-four Hours.

## THE LEDGER'S WEATHER SIGNALS.

White streamer—FAIR;  
Blue—RAIN or SNOW;  
With Black ABOVE—WILL WARMER  
grow.  
If Black's BENEATH—COLDER will  
be.  
Unless Black's shown—no change  
we'll see.

The above forecasts are made for a period of thirty-six hours, ending at 9 o'clock to-morrow evening.

THE PERILS OF MAY.

With the Tierra del Fuego, with the Patagonian giant, with the fierce Molucca Islander and pirate he had fought;

With the savage Madagascan and the truculent Algerian, the vindictive Australasian and the furious Hottentot.

He'd been swallowed by volcanoes, borne aloft by spouting geysers, crushed by Alpine avalanches, hurled by earthquakes in the air;

Sunk in quagmires, lost in fog banks shattered by a hundred shipwrecks crushed by snow slides, buried by cyclones, tossed by tempests everywhere.

Still his health continued normal, and with unimpeded digestion, and with spirit light and buoyant onward did he bravely glide;

But one single Maytime moving brought collapse to all his vigor, seared his nerve force, broke his spirit, and he craved away and died.

## OLD PEOPLE OF 30.

The Streets of Maysville Show Many Examples.

Aged Faces, Nervous Movements of Young Women.

The Driving Pace of Work and Pleasure—Revival of the Old Ideal of Strength and Health—Vigor That Comes From the Proper Course.

Young folks must have strength, above everything. This good old-fashioned belief is taking firm hold.

It is no longer fashionable even for "dudes" and "aweels" to be pale, thin, sickly. Among young ladies, too, the languor and nervous timidity at one time thought "interesting" has given place to a desire for ruddy cheeks, strength of body, a firm, transparent skin, and clear, well-opened eyes.

Young men and young women in Maysville are taking Paine's Celery Compound.

Parents recommend it from long experience; physicians prescribe it where purer blood and stronger nerves are urgently needed.

Growing girls, colorless, bloodless, nervous, thin, find a quick gain in weight, clearness of skin and strength.

Tired, weak, sickly women, who look like hospital phantoms, get rid of distressing nervousness, neuralgia, rheumatism, and "fagged out" feelings by taking this marvelous blood and nerve remedy in the early summer.

Dyspeptics should now take courage. The achievements of modern medical science have placed new and wonderful resources in the hands of medicine and replaced the necessity for drugs. Paine's Celery Compound makes pure, sturdy blood that reaches every tiny muscle and nerve-fiber in the body, and builds up strong, healthy tissues and drives out diseases from heart, liver, kidneys and stomach.

Tired women get strength from Paine's Celery Compound.

Business men, brain workers and constant indoor dwellers secure increased appetite and a more complete digestion and assimilation from this great strengthener and invigorator.

Paine's Celery Compound means a return to sound health, a filling out of the thin body with firm flesh, bright eyes, red, pure blood and quiet, healthy nerves to thousands of anxious, sickly men and women, who are plainly losing strength and hope every day.

Paine's Celery Compound cures diseases of the nerves and blood and the worst disorders of the liver, kidneys and stomach, where everything else fails. Paine's Celery Compound is to the sick better than a vacation in June—and both are good.

## SUDDEN SUMMONS

Of a Former Well Known Resident of This City at Covington.

Yesterday morning about 11:30 a telegram was received in this city announcing the death of Sydnor Hall at his home in Covington of inflammatory rheumatism.

It was a surprise and a great shock to his many friends in this city, as none knew of his illness at all.

Mr. Hall had been troubled with inflammatory rheumatism for some time, he having gone to Hot Springs, Va., several times for the purpose of getting rid of the disease, which would leave him for a while and then return, and the last visit of this unwelcome guest was a fatal one.

He has been bedfast but something like ten days, as he was seen by several friends in this city taking a trip up the C. and O. several weeks ago apparently enjoying good health.

Sydnor Hall was a son of Professor C. J. Hall, formerly Superintendent of the Male Department of the High School in this city, and was one of the brightest young men that ever left our city.

At the time of his death he had gained the top round of the ladder of fame, he being General Manager of the Kanawha Dispatch Transportation Company, one of the largest freight handling companies in the world, and operating over the C. and O. and Big Four Railroads.

While a resident of this city Mr. Hall was Chief Clerk and telegraph operator at the Kentucky Central Depot, while W. C. Sadler was the Agent, and no one ever missed him from his post of duty, it being his whole life's desire to serve those in whose employ he was with that faithfulness that finally crowned him with so much success.

After leaving this city he went into the office of the company, with which he was employed at the time of his death, as a clerk, finally working himself up until he became General Manager.

His death has caused a sudden gloom over the entire city of Covington, as there, like here, he was well liked and numbered his friends like the sands of the seashore. He was a devoted member of the Baptist Church, and all those in this city, as well as in Covington, will regret to learn of his sudden summons.

He leaves a wife and several children, together with a father, mother, two sisters and three brothers to mourn his loss.

His funeral will take place tomorrow afternoon, at 1:30 o'clock, and the burial will be private, as it was his request that such should be the case.

Don't fail to turn out this afternoon. Let all good Republicans be on hand at the selection of the county ticket and delegates to the Congressional Convention.

Are you insured? If not, now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as an insurance against any serious results from an attack of bowel complaint during the summer months. It is almost certain to be needed and should be procured at once. No other remedy can take its place or do its work. Twenty-five and fifty cent bottles for sale by Theo. Power, Druggist.

## ST. JOHN'S DAY.

Extensive Preparations for a Great Masonic Celebration at Louisville.

The Masonic Bodies of Louisville have arranged for an entertainment at the Auditorium June 25th, for the benefit of the Masonic Widows and Orphans' Home. The grand scenic and pyrotechnic spectacle, Americas, will be given. One thousand dollars in gold will be distributed among those holders of tickets who guess nearest to the temperature between June 24th and July 4th, both inclusive. The largest present is \$300 and the smallest \$10. The tickets cost 50 cents each. Full descriptive circulars will be sent on application to the Masonic Widows and Orphans' Home, Louisville, Ky.

## LOOKING FORWARD.

To the Welfare of the Distillers of This Great Commonwealth.

In the case of the Commonwealth in relation to R. D. Armstrong, Sheriff of Franklin county, against E. H. Taylor, Jr., Company, the Franklin County Court decided that the act known as the distillery act, passed originally in 1892, and incorporated in the new revenue law, was unconstitutional and void.

The effect of this decision, if sustained by the Court of Appeals, will be to require all whisky stored in bonded warehouses to be assessed as other personal property—that is, by the local assessing officers, the taxes thereon to be paid annually at the same time that other taxes generally are paid, instead of on the 1st day of January, May and September next, after the Federal tax thereon becomes due, or when the whisky is withdrawn from the warehouse, as authorized by said act.
